

RAJULAPATI DHANUSH

PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Software Engineering student with a strong foundation in programming and web technologies. Experienced in solving complex problems and implementing creative solutions through projects like transmission line detection and interactive game development. Passionate about software development, with proficiency in languages like C, Java, Python, and JavaScript. Eager to contribute to impactful projects while continuously learning new technologies.

PROJECTS

Three Phase Transmission Line Detection System

- Developed a real-time monitoring system using Arduino Nano to detect and analyze transmission line parameters.
- Implemented logic in C programming to efficiently detect abnormalities and raise alerts.
- Enhanced understanding of embedded systems and circuit design while integrating hardware and software.

Interactive Sudoku Game

- Built a fully functional Sudoku game using Java, featuring a graphical user interface to enhance the user experience.
- Designed algorithms to generate, validate, and solve puzzles, improving problem-solving and programming logic.
- Gained hands-on experience in GUI development and debugging.

Basic HTML Website for Resume

- Created a personal portfolio website using HTML and CSS to display resume, projects, and skills.
- Focused on responsive web design for accessibility across different devices and screen sizes.
- Applied best practices in web development for clear content presentation and usability.

EDUCATION

2022-2026

VELAGAPUDI RAMAKRISHNA SIDDARTHA ENGINEERING COLLEGE

- Bachelors of technology in CSE

2020-2022

MPRM SRI VISWASANTHI COLLEGE

- Intermediate
- GPA : 9.82

SKILLS

- Programming Languages: C, Java, Python, JavaScript
- Web Technologies: HTML, CSS, React
- Database: MongoDB
- Tools & Platforms: Arduino, Git
- Strong analytical and problem-solving abilities
- Effective communication and teamwork skills
- Time management and adaptability

LANGUAGES

- Telugu(Fluent)
- English(Fluent)
- Hindi(Advanced)

CERTIFICATIONS

- Python Certification - Hackerrank
- Problem Solving (Intermediate) - Hackerrank
- CSS Certification - Hackerrank
- Java Certification - Hackerrank
- JavaScript Certification - Hackerrank
- Introduction to Networks - Cisco
- Linux Essentials - Cisco
- Data Science with Python - EdX

HOBBIES

- Reading: Enjoy reading technical books and literature to enhance knowledge in software development and technology.
- Gaming: Engage in video games to sharpen problem-solving skills and creativity.
- Traveling: Passionate about exploring new places, cultures, and technologies.
- Drawing: Interested in sketching, which improves attention to detail and creative thinking.
